Congratulations on your purchase of the Iris™ smart hub.

It’s easy to install. Let’s get started.

Follow these easy steps to set-up & install your Iris™ smart hub.

- Visit lowes.com/iris
- Click on Register and we’ll walk you through the steps.
- For additional help please visit lowes.com/iris/support.

Your Iris™ smart hub comes equipped with an Ethernet cable and a power cord.

ready to install?

Before you get started, please check that you have the following:

- Router with an open Ethernet port
- Open power outlet near your router
- Broadband always-on internet service

There are four stages to complete the Iris™ set-up. Once you register, we’ll walk you through each:

1. Hub Set-up
2. Account Details
3. Service Options
4. Powering and Pairing Devices

For more information please call 1-866-555-IRIS.
