

Kids' Workshops Free Tool Kit Order Submission:

Follow these steps to submit your Senior Builder photo and receive your free tool kit:

Check Your Apron

- Use the Lowe's Kids' Workshop apron from your local Captain
- Is the child's name clearly written on the chest of the apron?
- Have you collected and attached at least 12 eligible badges to the apron?
- Badges must have been earned between August 2023 and now.
(See the back for the complete list of eligible badges)

Take Your Photo

- Lay the apron flat on a clean surface.
- Ensure all badges and the child's name are clearly visible in the photo.
- Do not include the child in the photo—please avoid faces or other identifying details.

Submit Your Photo

- Upload one photo per child.
- Each child must have a unique photo submission with their individual apron.

Once submitted, your free tool kit—complete with a kid-sized tape measure, hammer, and tool bag—will be processed. A confirmation will be emailed to you immediately. A determination will be emailed within 48 hours (except during high volume events).
