WindProven™ Limited Wind Warranty

When installed with the required combination of at least 4 qualifying GAF accessories, Timberline® Shingles with LayerLock® Technology are eligible for an industry first: a wind warranty with no maximum wind speed limitation.[1]

Key details:

- **No max wind speed limitation:**[1]
  Where other wind warranties have a maximum wind speed limit, the WindProven™ Limited Wind Warranty does not. This means your shingles are covered no matter how hard the wind blows.
- **No cost or registration required**
- **No storm clause:**
  Other wind warranties may have a "named storm clause," limiting coverage on hurricanes and tropical storms officially recognized by the World Meteorological Organization. The GAF WindProven™ Limited Wind Warranty does not have a named storm clause, ensuring wind coverage that weathers the storm.
